Kolor (dominujący)	**Czarny**
Obszar ochrony	**Ekran**

Opis produktu

Excellent scratch protection.

The glass provides the best scratch protection thanks to its high hardness (9H). This keeps the screen readable for much longer.

Maximum coverage.

Covers the maximum surface of a slightly curved screen and, thanks to its special contouring, is a good alternative to 3D tempered glass.

Smooth to the touch and easy to clean.

The oleophobic layer makes it easy to remove fingerprints, smudges, and dirt. The screen stays clean. The coating also improves finger glide across the screen.

Perfect for slightly curved screens.

DIAMOND GLASS edge LITE covers a larger surface than typical flat glasses.

Set contents:

- 1 pc. DIAMOND GLASS edge LITE tempered glass
- wet cloth
- dry cloth
- EasyApp® installation kit
- multilingual manual
