Opis produktu

The Tough Armor Mag case by Spigen is an enhanced version of its predecessor. The case is equipped with a magnetic ring compatible with MagSafe mounting and wireless charging systems, allowing fast and simple use of Apple technology.

Its two-piece construction is made from abrasion-resistant thermoplastic and a reinforcing polycarbonate frame. Inside the case is a layer of technology foam that provides additional impact and drop protection. The case is perfectly fitted and does not interfere with wireless charging. The slightly raised frame around the camera and screen protects them from scratches by lifting the device just above flat surfaces. It has button covers and port cutouts. Tough Armor has undergone 26 drop tests from a height of up to 1.2 meters, earning the U.S. military MIL-STD 810G-516.6 certification.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Minimalist design
- Ergonomic
- Equipped with MagSafe magnetic ring
- Slim profile
- Two-piece construction
- Extra foam for added protection

-
- Matte finish
 - Precisely crafted
 - Meets military drop-test standard (MIL-STD 810G-516.6)
 - Perfect fit
 - Easy to install and remove
